

## About Us

AMG Enviro Protector, established in 2011, is a trusted name in environmental engineering and consultancy. With over a decade of experience, we are committed to designing, building, and maintaining world-class solutions for waste management, water purification, air pollution control, and environmental compliance. We serve industrial, commercial, and municipal clients with a focus on sustainability, innovation, and reliability

# MISSION

To provide high-quality, sustainable environmental solutions that promote public health, conserve resources, and ensure compliance with environmental regulations.

# MISSION

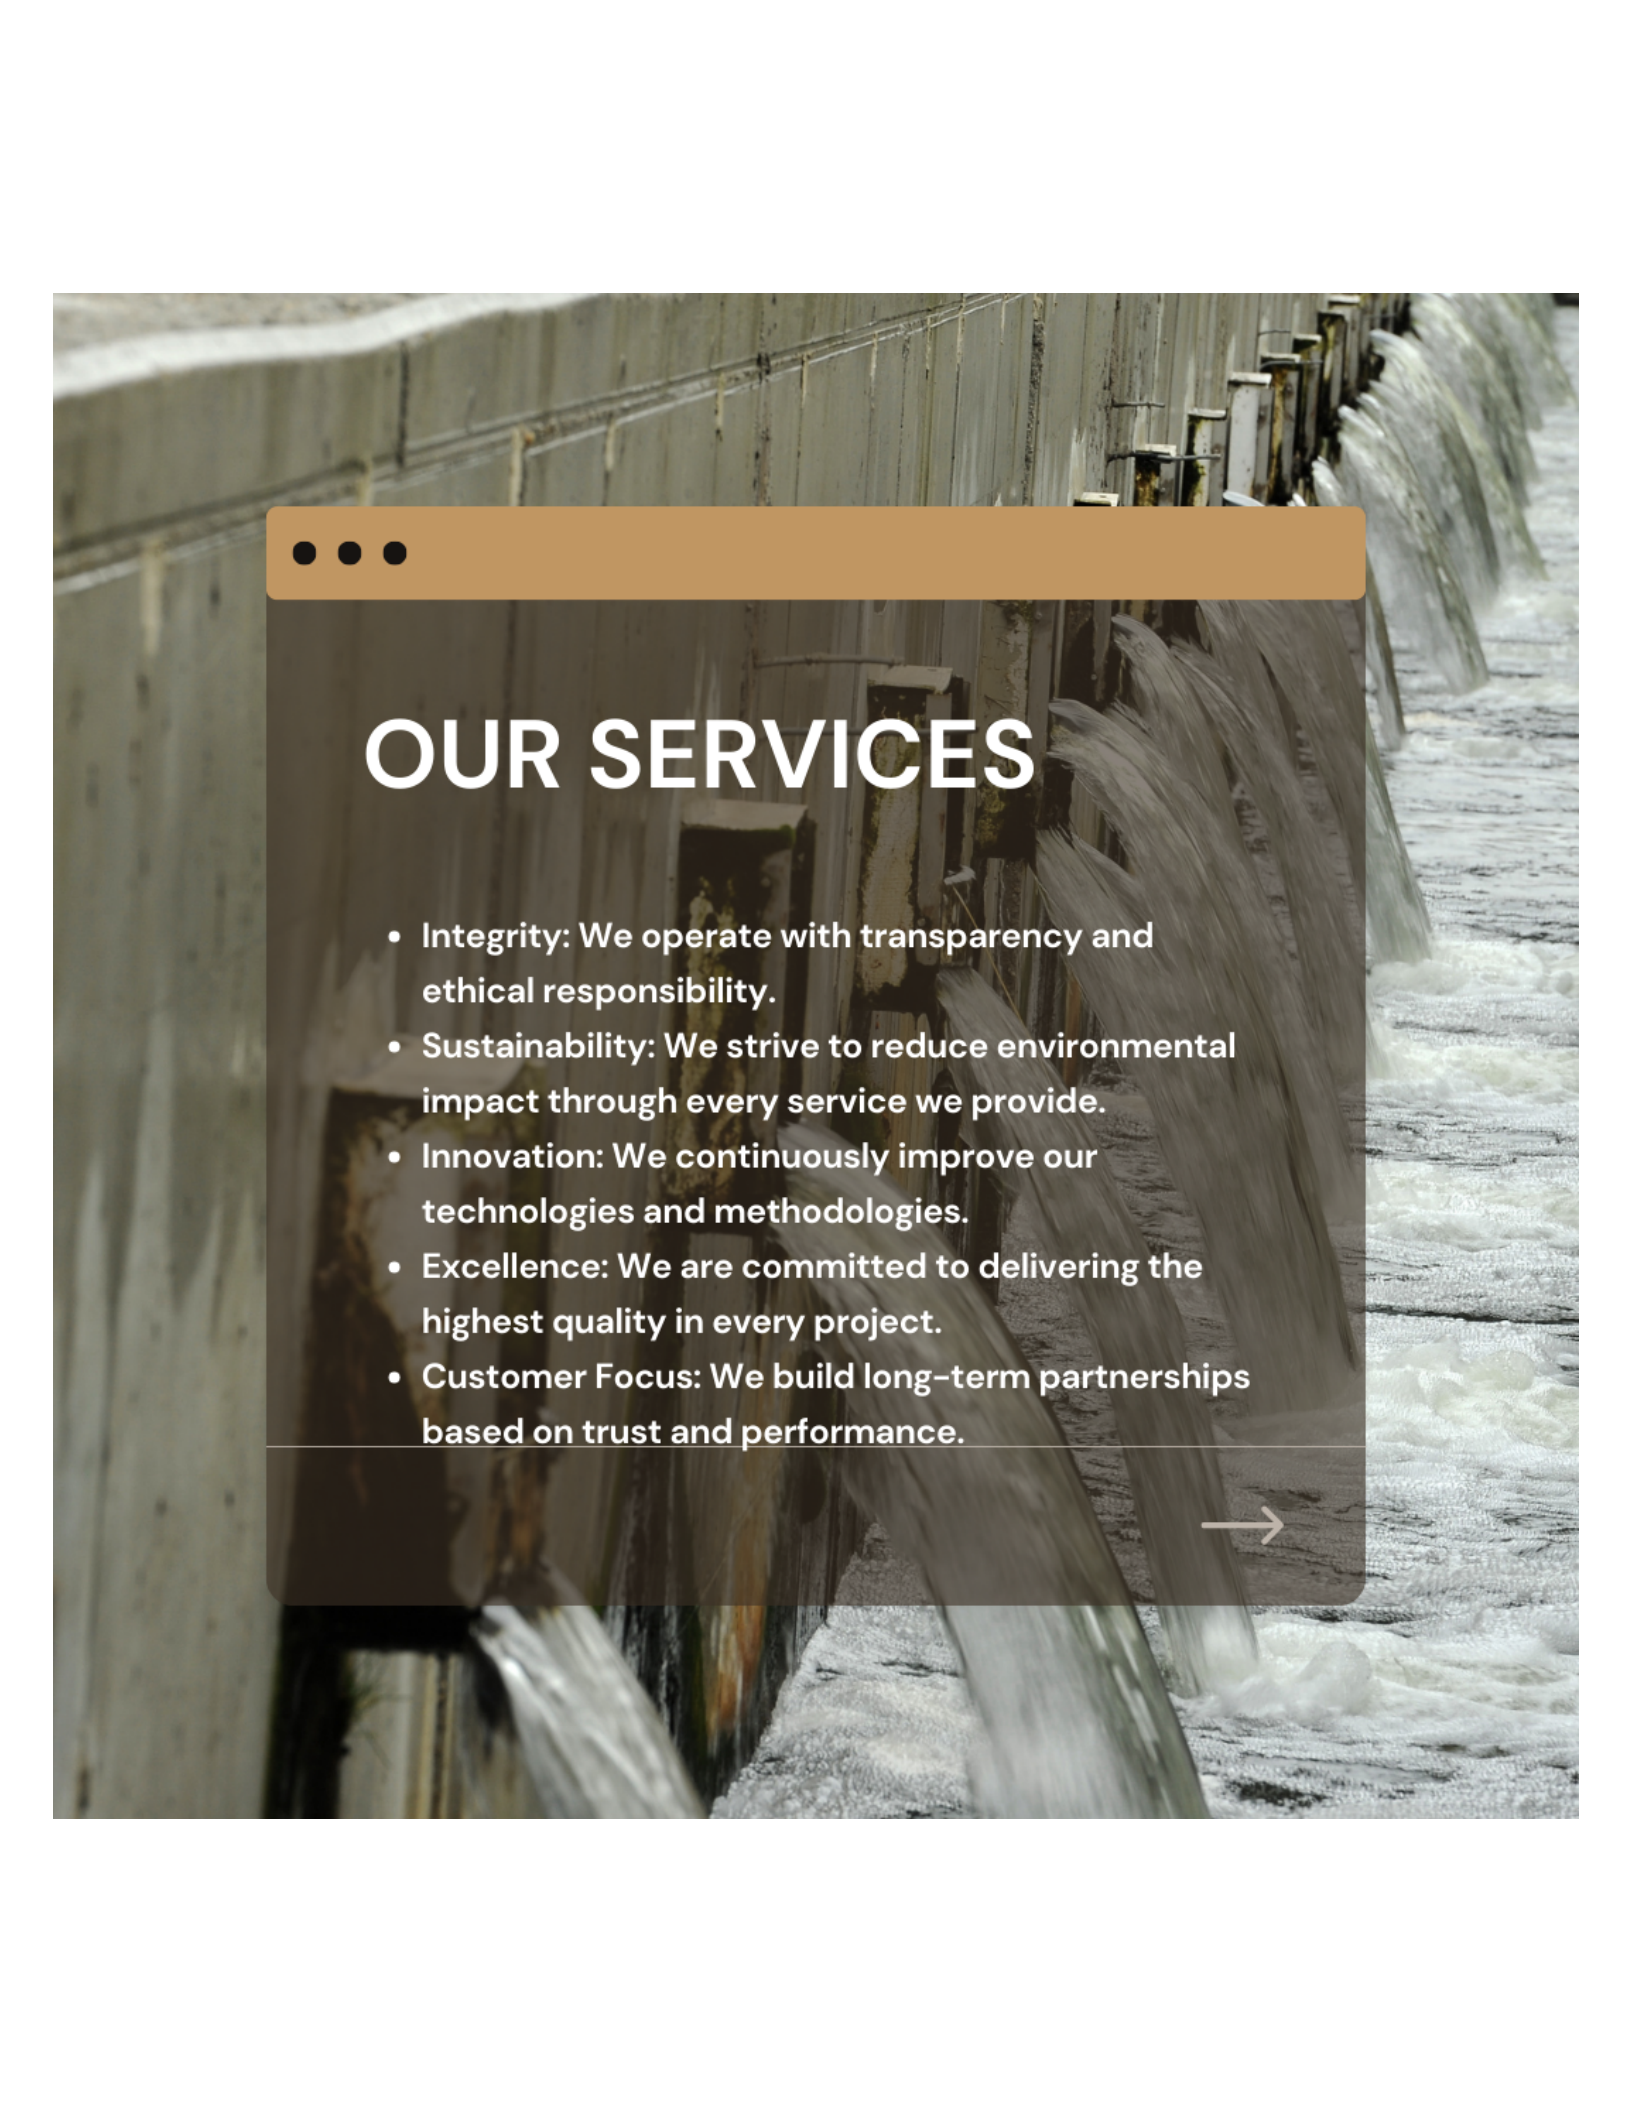

To be a nationally recognized leader in environmental protection by offering cutting-edge, eco-friendly technologies and consultancy services.

An aerial photograph of a Ferris wheel with a semi-transparent text box overlaid. The text box has a brown header bar with three white dots on the left and a white arrow pointing right at the bottom right. The background shows the green and brown landscape of the Ferris wheel's base.

# OUR VALUES

- Integrity: We operate with transparency and ethical responsibility.
- Sustainability: We strive to reduce environmental impact through every service we provide.
- Innovation: We continuously improve our technologies and methodologies.
- Excellence: We are committed to delivering the highest quality in every project.
- Customer Focus: We build long-term partnerships based on trust and performance.

A background image of a water treatment facility with multiple rows of concrete spillways. Water is cascading over the spillways, creating white foam and splashing. The scene is captured from a low angle, looking down the length of the spillways.

# OUR SERVICES

- Integrity: We operate with transparency and ethical responsibility.
- Sustainability: We strive to reduce environmental impact through every service we provide.
- Innovation: We continuously improve our technologies and methodologies.
- Excellence: We are committed to delivering the highest quality in every project.
- Customer Focus: We build long-term partnerships based on trust and performance.

# PRODUCTS & SERVICES

Design, Construction, and Erection

- Effluent Treatment Plants (ETP)
- Sewage Treatment Plants (STP)
- Air Pollution Control Equipment

# PRODUCTS & SERVICES

## Consultancy & System Design

- Indoor/Workplace Air Pollution Control Systems
- Environmental Audit & Statement Preparation
- Hazardous Waste Management Consultancy
- Online Consent Application Support (Pollution Control Board)

# PRODUCTS & SERVICES

## Water Treatment Systems

- Drinking Water Purification Systems
- Iron Removal Plants
- Softeners
- Reverse Osmosis (RO) Plants

## Annual Maintenance Contracts (AMC)

- ETP, STP, and RO System Maintenance & Operation

# MARKET PREFERENCE

We cater to diverse sectors, including:

- Pharmaceutical Industries
- Food & Beverage Processing Units
- Chemical & Engineering Manufacturing
- Healthcare & Hospitals
- Municipal Corporations & Housing Societies
- Educational Institutions & Commercial Establishments

# FUTURE PLAN

- Expand services across India with a stronger regional footprint
- Integrate smart technologies and automation in all treatment systems
- Establish in-house training & awareness programs for clients
- Partner with international firms for advanced green technology adoption

Our Environmental Effluent Treatment Plant is dedicated to transforming wastewater into clean, usable water. Through advanced technology and sustainable practices, we ensure the protection of our water resources while maintaining environmental health.

## CONCLUSION

At AMG Enviro Protector, our journey since 2011 has been fueled by purpose and progress. We don't just provide services—we protect the environment and shape a sustainable future. Choose us for dependable, smart, and eco-friendly solutions.

# THANK YOU
